

**Appendix A – The Practice will share patient information with these organisations where there is a legal basis to do so.**

<b>Activity</b>	<b>Rationale</b>
<p>Child Health Information Services</p>	<p><b>Purpose</b> – CHIS plays a critical role in immunisation scheduling and monitoring for new-born screening; sending invitation and result letters to parents/carers and recording and monitoring NHS public health childhood immunisation programmes.</p> <p><b>Legal Basis</b> – Direct Care under UK GDPR : · Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and · Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine.</p> <p><b>Processor</b> – SCW, Apollo Medical Software Solutions, System C</p>
<p>Commissioning and contractual purposes Invoice Validation Planning Quality and Performance</p>	<p><b>Purpose</b> – Anonymous data is used by the CCG for planning, performance and commissioning purposes, as directed in the practices contract, to provide services as a public authority.</p> <p><b>Legal Basis</b> – UK GDPR 6 1(b) Contractual obligation as set out in the Health and Social Care Act for Quality and Safety 2015</p> <p><b>Processor</b> – Frimley ICB</p>
<p>Summary Care Record  Including additional information</p>	<p><b>Purpose</b> –The NHS in England uses a national electronic record called the Summary Care Record (SCR) to support patient care. It contains key information from your GP record. Your SCR provides authorised healthcare staff with faster, secure access to essential information about you in an emergency or when you need unplanned care, where such information would otherwise be unavailable.</p> <p><b>Legal Basis</b> – Direct Care under UK GDPR :</p> <ul style="list-style-type: none"> <li>• Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</li> <li>• Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine</li> </ul> <p>Full details of the Summary Care Record supplementary privacy notice can be found <a href="#">here</a></p> <p>Patients have the right to opt out of having their information shared with the SCR by completion of the form which can be downloaded <a href="#">here</a> and returned to the practice. Please note that by opting out of having your information shared with the Summary Care Record could result in a delay to care that may be required in an emergency.</p>

	<b>Processor</b> – NHS England and NHS Digital
Research	<p><b>Purpose</b> – We may share anonymous patient information with research companies for the purpose of exploring new ways of providing healthcare and treatment for patients with certain conditions. This data will not be used for any other purpose.</p> <p>Where personal confidential data is shared your consent will need to be sought.</p> <p>Where you have opted out of having your identifiable information shared for this Planning or Research your information will not be shared.</p> <p><b>Legal Basis</b> – consent is not required to share anonymous data that does not identify a patient.</p> <p>Where identifiable data is required for research, patient consent will be needed, unless there is a legitimate reason under law to do so or there is support under the Health Service (Control of Patient Information Regulations) 2002 ('section 251 support') applying via the Confidentiality Advisory Group in England and Wales</p> <p><b>Processor</b> – N/A currently not taking part in any research</p>
Individual Funding Requests	<p><b>Purpose</b> – We may need to process your personal information where we are required to fund specific treatment for you for a particular condition that is not already covered in our standard NHS contract.</p> <p>The clinical professional who first identifies that you may need the treatment will explain to you the information that is needed to be collected and processed in order to assess your needs and commission your care; they will gain your explicit consent to share this. You have the right to withdraw your consent at any time but this may affect the decision to provide individual funding.</p> <p><b>Legal Basis</b> – Under UK GDPR Article 6 1(a) consent is required Article 9 2 (h) health data</p> <p><b>Data processor</b> – SCWCSU</p>
Safeguarding Adults	<p><b>Purpose</b> – We will share personal confidential information with the safeguarding team where there is a need to assess and evaluate any safeguarding concerns.</p> <p><b>Legal Basis</b> – in some case consent will be required otherwise</p> <ul style="list-style-type: none"> <li>• Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</li> <li>• Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine</li> </ul>

	<p><b>Data Processor</b> – Surrey County Council, Waverley Borough Council</p>
Safeguarding Children	<p><b>Purpose</b> – We will share children’s personal information where there is a need to assess and evaluate any safeguarding concerns.</p> <p><b>Legal Basis</b> - in some case consent will be required otherwise</p> <ul style="list-style-type: none"> <li>• Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</li> <li>• Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine</li> </ul> <p><b>Data Processor</b> – Surrey County Council, Waverley Borough Council</p>
Risk Stratification – Preventative Care	<p><b>Purpose</b> - ‘Risk stratification for case finding’ is a process for identifying and managing patients who have or may be at-risk of health conditions (such as diabetes) or who are most likely to need healthcare services (such as people with frailty). Risk stratification tools used in the NHS help determine a person’s risk of suffering a particular condition and enable us to focus on preventing ill health before it develops.</p> <p>Information about you is collected from a number of sources including NHS Trusts, GP Federations and your GP Practice. A risk score is then arrived at through an analysis of your de-identified information. This can help us identify and offer you additional services to improve your health.</p> <p>If you do not wish information about you to be included in any risk stratification programmes, please let us know. We can add a code to your records that will stop your information from being used for this purpose. Please be aware that this may limit the ability of healthcare professionals to identify if you have or are at risk of developing certain serious health conditions.</p> <p>Type of Data – Identifiable/Pseudonymised/Anonymised/Aggregate Data</p> <p><b>Legal Basis</b> UK GDPR Art. 6(1) (e) and Art.9 (2) (h). The use of identifiable data by CCGs and GPs for risk stratification has been approved by the Secretary of State, through the Confidentiality Advisory Group of the Health Research Authority (approval reference (CAG 7-04)(a)/2013)) and this approval has been extended to the end of September 2022 <a href="#">NHS England Risk Stratification</a> which gives us a statutory legal basis under Section 251 of the NHS Act 2006 to process data for risk stratification purposes which sets aside the duty of confidentiality. We are committed to conducting risk stratification effectively, in ways that are consistent with the laws that protect your confidentiality.</p> <p><b>Processors</b> – Connected Care</p>

<p>Public Health Screening programmes (identifiable) Notifiable disease information (identifiable) Smoking cessation (anonymous) Sexual health (anonymous)</p>	<p><b>Purpose</b> – Personal identifiable and anonymous data is shared. The NHS provides national screening programmes so that certain diseases can be detected at an early stage. These currently apply to bowel cancer, breast cancer, aortic aneurysms and diabetic retinal screening service. The law allows us to share your contact information with Public Health England so that you can be invited to the relevant screening programme. More information can be found at: <a href="https://www.gov.uk/topic/population-screeningprogrammes">https://www.gov.uk/topic/population-screeningprogrammes</a> [Or insert relevant link] or speak to the practice</p> <p><b>Legal Basis</b> - Article 6(1)(e); “necessary... in the exercise of official authority vested in the controller’ And Article 9(2)(h) Health data as stated below</p> <p><b>Data Processors</b> – Public Health England</p>

<p>Payments, Invoice validation</p>	<p><b>Purpose</b> - Contract holding GPs in the UK receive payments from their respective governments on a tiered basis. Most of the income is derived from baseline capitation payments made according to the number of patients registered with the practice on quarterly payment days. These amounts paid per patient per quarter varies according to the age, sex and other demographic details for each patient. There are also graduated payments made according to the practice’s achievement of certain agreed national quality targets known as the Quality and Outcomes Framework (QOF), for instance the proportion of diabetic patients who have had an annual review. Practices can also receive payments for participating in agreed national or local enhanced services, for instance opening early in the morning or late at night or at the weekends. Practices can also receive payments for certain national initiatives such as immunisation programs and practices may also receive incomes relating to a variety of non-patient related elements such as premises. Finally there are short term initiatives and projects that practices can take part in. Practices or GPs may also receive income for participating in the education of medical students, junior doctors and GPs themselves as well as research. In order to make patient based payments basic and relevant necessary data about you needs to be sent to the various payment services. The release of this data is required by English laws.</p> <p><b>Legal Basis</b> - Article 6(1)(c) “processing is necessary for compliance with a legal obligation to which the controller is subject.” And Article 9(2)(h) ‘as stated below</p> <p><b>Data Processors</b> – NHS England, ICB, Public Health</p>
