Practice Access Information

Farnham Park Health Group is located within the **Farnham Centre for Health**, just off Hale Road and close to the centre of Farnham.

Parking and Building Access

- Free parking is available on site, including designated disabled bays.
- The practice can be accessed via the hospital's main atrium, either from the car park entrance or the Hale Road entrance.
- Both entrances have wide, automatic doors with level access.
- From the atrium, a push-button (positioned at wheelchair-friendly height) provides automatic entry to the GP and nurses' side of the practice.

Inside the Practice

- All patient areas, including reception, the waiting room, and consulting rooms, are on the ground floor and fully wheelchair accessible.
- Accessible toilets are available in both the nurses' and GP corridors. These are fitted with grab rails and a patient alarm system.
- A hearing induction loop is available at reception on request.
- If you require any assistance, please speak to a member of our reception team who will be happy to help.

Additional Facilities and Support

- Guide Dogs are welcome throughout the building.
- Interpreters can be arranged on request – please ask at reception.
- A private space for nursing mothers is available within the GP area, and an additional private area is located in the main atrium.
- Information can be provided in easy read formats if required. Further easy read resources are also available on our website.

Policies

- The Practice and the Farnham Centre for Health operate a non-smoking policy.
